**Optional All Grades: Headphones with Microphone & Computer Mouse

NTMS Supply List 2020-2021

Dear Parents/Guardians,

The science department of NTMS would like to welcome you to the start of a great year, where we will do everything possible to foster the learning of our subject. In an effort to give our students as many opportunities as possible to do hands-on science labs and activities, we have come up with a list of needed items for the 1st Bundle/Unit of this coming school year (2020-21). Expect a new/updated list of materials for the next 6 weeks of class once we have exhausted the current list of materials. You will ONLY need to purchase the items below for the grade level of your student, as well as the items in the ACE (STEAM) column. We strongly encourage you to visit the dollar store, Walmart, or any other inexpensive option to purchase these items. Many of the items listed below you may already have in your home. You will only need a small amount of the consumable materials, not necessarily a whole bottle or box. Again our goal is to have our students physically doing science, in addition to learning online. We hope that your student is looking forward to what this new online learning can be as much as we are!

We understand that there may be students unable to get the supplies we have listed below, if so please contact mkoosmann@dieringer.wednet.edu by August 31st, so we have time to make arrangements before school. If you are in need of supplies at any time during the school year please reach out to Jennifer Roscoe, our school counselor Jroscoe@dieringer.wednet.edu

6th Grade	7th Grade	8th Grade	ACE (STEAM) Wednesdays 6th, 7th, 8th Grades
<ul style="list-style-type: none"> *Masking Tape *Measuring cups *Measuring Spoons *20-9 oz clear plastic cups (Reusable) *Box of toothpicks *Bag of Colored Marshmallows *55 object: 20 of one thing, 20 of another object, then 5 each of 3 other objects.
